

I am writing with concerns about LPFM stations being given priority over current FM translators which carry KLOVE stations. KLOVE is a valued service for me and my family. It is one of the ONLY truly family friendly radio stations available. I have small children, and do not wish to expose them to the "substandard" content of most morning shows. I feel the availability of KLOVE is a huge asset to local communities. This is evidenced by the sheer numbers of people who take advantage of KLOVE's free services such as counseling and prayer. There are so many options available to the community for regular radio programming, but only KLOVE offers commercial free, positive value-based programming. PLEASE consider the impact of taking away many communities only choice in this area.
